

Spring '23 to Spring '24 Nevada MAP Growth Results

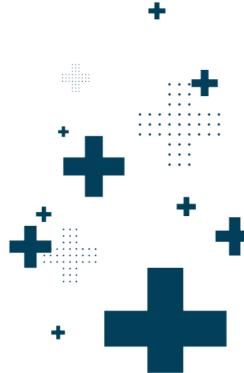

Scott Peters, Ph.D.

Director, Research Consulting Partnerships, NWEA

Nevada's Read by Grade 3 Program

- + <u>Purpose</u>: To improve student achievement by ensuring that **all public school elementary students in traditional and charter schools** read proficiently by the end of grade 3
- + <u>Partnership</u>: The NDE-NWEA partnership began in 2017, and includes administering the MAP Growth assessment to public school students (traditional and charter) in grades K-3:
 - Kindergarten: winter and spring
 - Grades 1-3: fall, winter, and spring
- + <u>Focus</u>: 40th percentile and below on the MAP Growth reading assessment has been identified as the indicator which generates support for students reading below grade level
 - Data presented here can be used to understand the state of achievement across NV and identify areas where further support may be needed.

MAP Growth Overview

- Interim assessment typically administered in fall, winter, and spring
- Administered to more than 13 million K-12 students in public and private schools across the country
- Computer-adaptive test that is grade-level independent
- Robust set of nationally representative norms to contextualize student achievement and growth

Interpretation of Student Achievement

- + Norms are <u>descriptive</u>, not prescriptive
- + 40th percentile:
 - "Achievement greater than 40% of students in that same grade/subject/term"
 - Below-average achievement
- Consistent threshold above which all students are able to score

Table C.1.6: Spring Reading Student Achievement Percentiles

						_	Grade	9

Interpretation of Student Achievement

- + What does achievement at the 40th percentile indicate?
- + Based on NWEA's SBAC linking study, a student scoring at the 40th percentile in the spring of 3rd grade would be projected to score at Level 2 on the SBAC test.

Table 3.5. MAP Growth Cut Scores—ELA/Reading

Students Tested

- Counts of all student test events in a given grade in the spring of 2023 and 2024
- Grades K-3 in Reading only
- Slightly fewer students tested in 2024 compared to 2023

Grade	Spring '23	Spring '24
K	31,288	28,608
1 st	34,527	32,324
2 nd	32,960	34,728
3 rd	34,228	33,797
Total	133,003	129,457

Reading Achievement Data: All Students (by Grade)

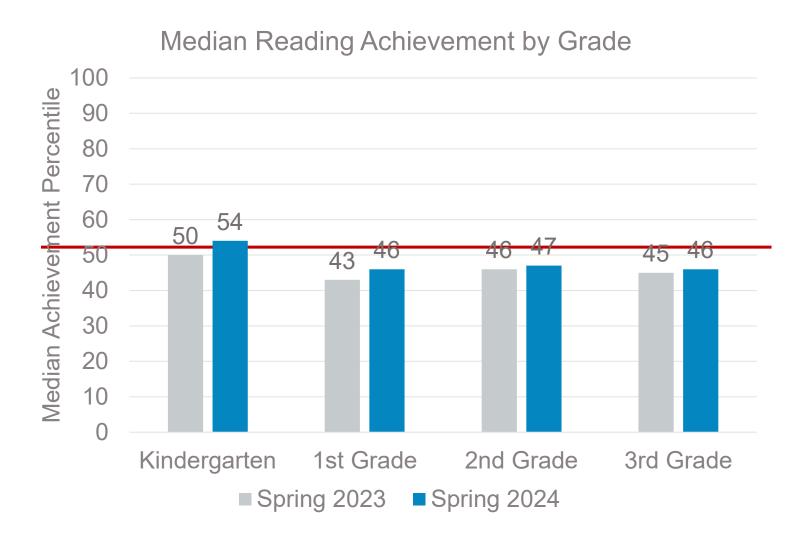

Median Reading Achievement Percentile

Answers the question:

What is the achievement level of the middle student in NV in a particular grade?

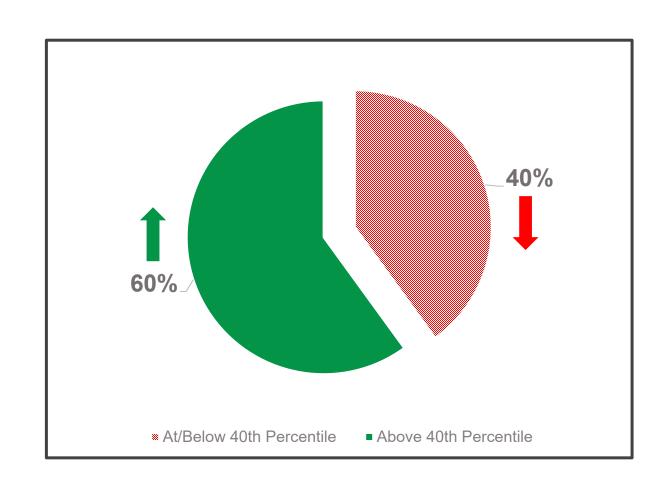

The 50th percentile represents <u>average</u> <u>achievement</u> relative to NWEA's nationally representative norms.

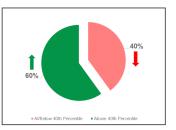

Summarizing the Percentage of Students At/Below the 40th Percentile

- + 40th percentile:
 - "Achievement greater than 40% of students in that same grade/subject/season"
- Over a large enough sample of students, we'd expect to see:
 - ~40% of students at or below the 40th percentile
 - ~60% of students above the 40th percentile

Percentage of Students At/Below the 40th Percentile – Kindergarten

Spring 2023

Number of Students	31,288
At/Below 40th Percentile	42%
Above 40th Percentile	58%

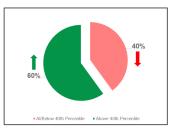

Number of Students	28,608
At/Below 40th Percentile	38%
Above 40th Percentile	62%

Percentage of Students At/Below the 40th Percentile – 1st Grade

Spring 2023

34,527
46%
54%

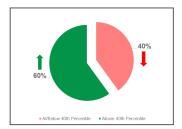

Number of Students	32,324
At/Below 40th Percentile	44%
Above 40th Percentile	56%

Percentage of Students At/Below the 40th Percentile – 2nd Grade

Spring 2023

Number of Students	32,960
At/Below 40th Percentile	46%
Above 40th Percentile	54%

Number of Students	34,728
At/Below 40th Percentile	45%
Above 40th Percentile	55%

Percentage of Students At/Below the 40th Percentile – 3rd Grade

Spring 2023

Number of Students	34,228
At/Below 40th Percentile	46%
Above 40th Percentile	54%

Number of Students	33,797
At/Below 40th Percentile	45%
Above 40th Percentile	55%

Reading Achievement Data: Student Subgroups

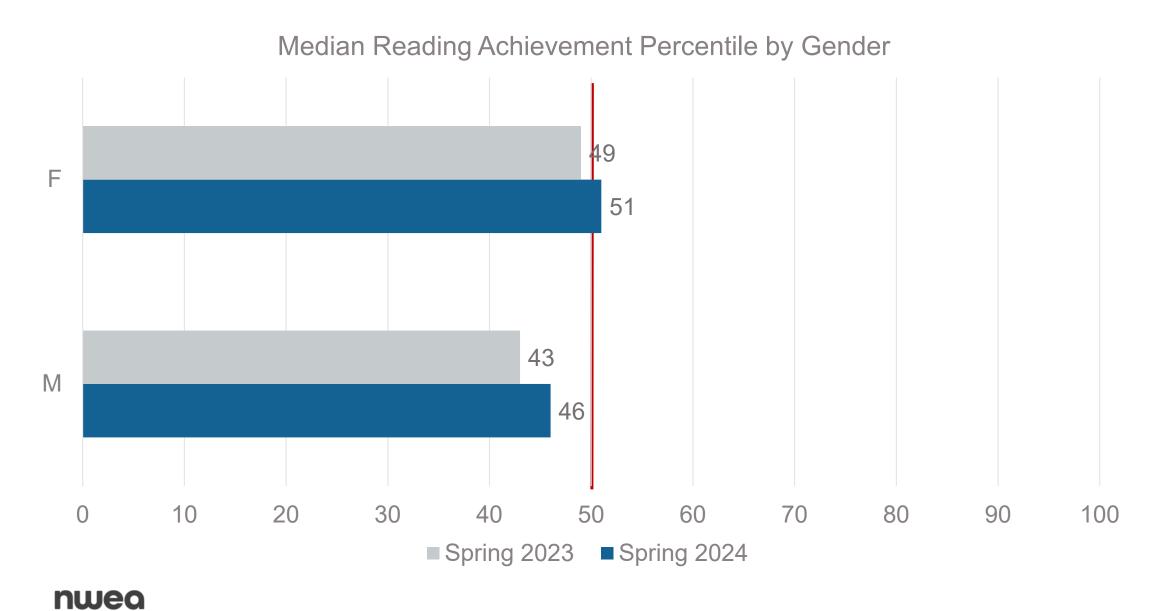

Achievement Summarized for Students by:

- + Gender
- + Race/Ethnicity
- + Special Programs
 - Free & Reduced-Price Lunch
 - English Learners
 - Students with an IEP
- Median achievement percentile by student group

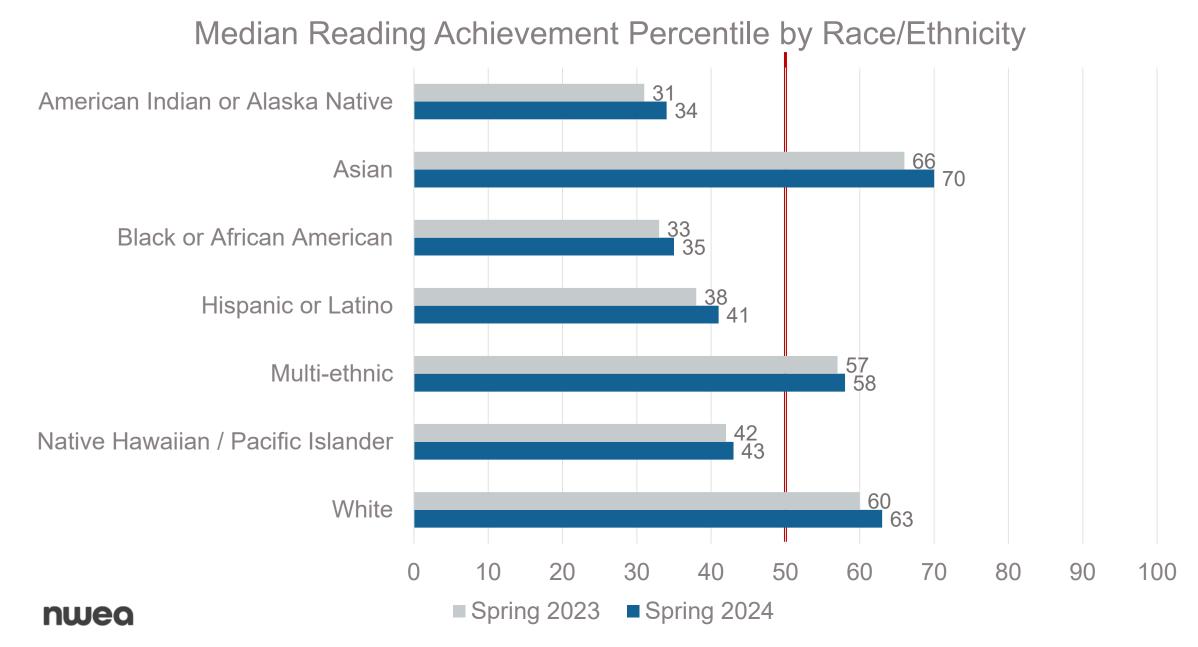

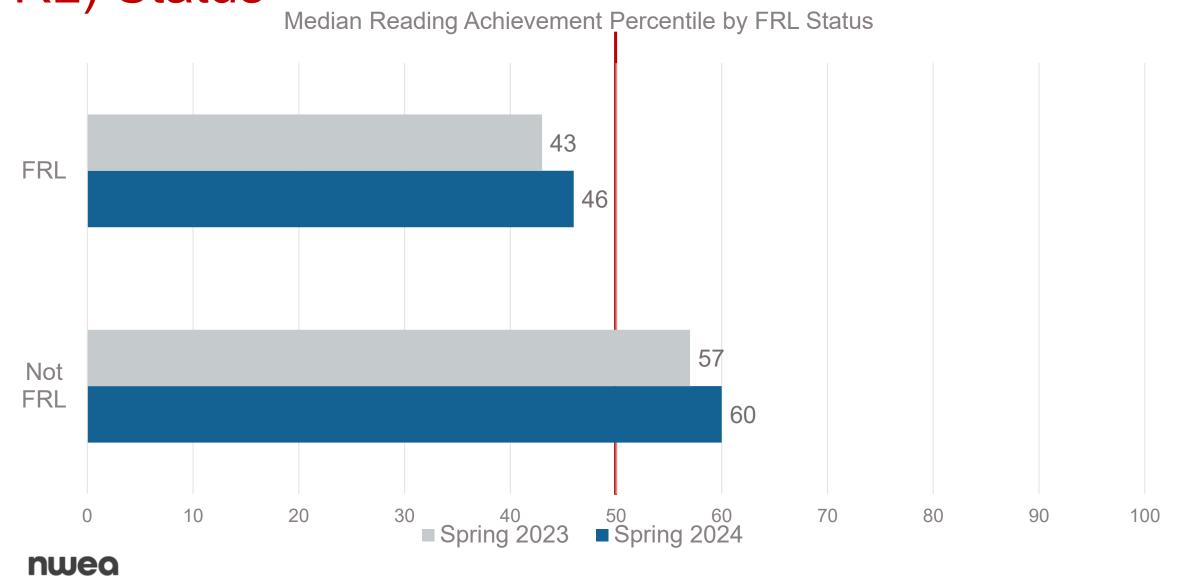

Achievement by Gender

Achievement by Race/Ethnicity

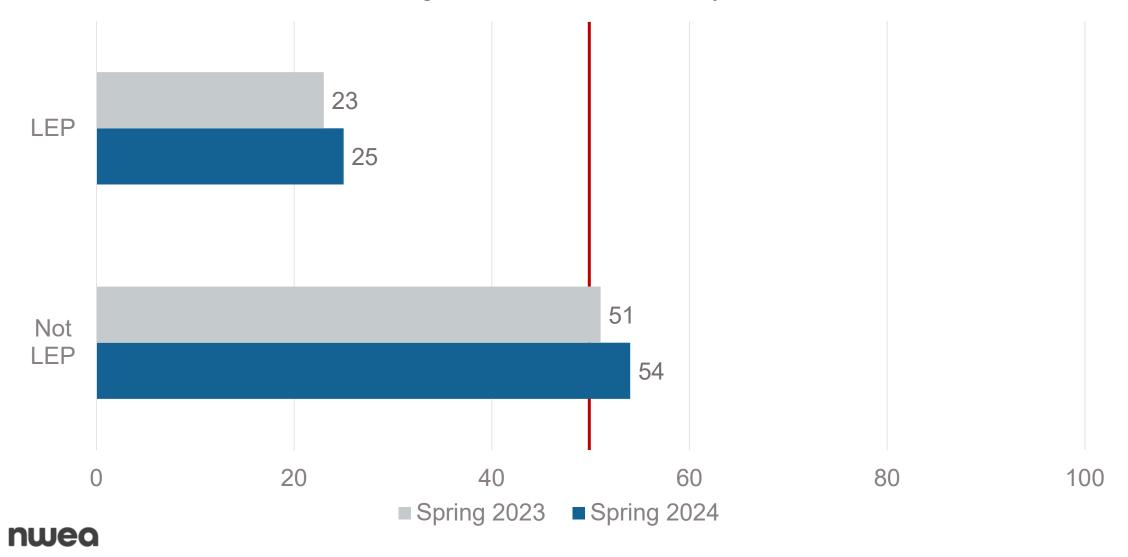

Achievement by Free & Reduced-Price Lunch (FRL) Status

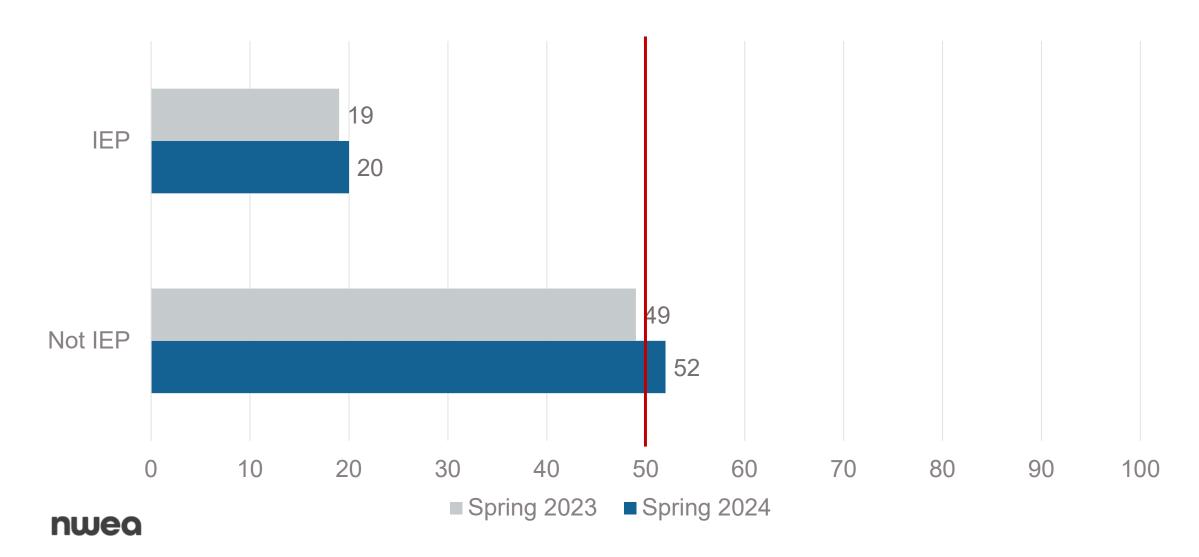

Achievement by Limited English Proficiency (LEP) Status

Median Reading Achievement Percentile by LEP Status

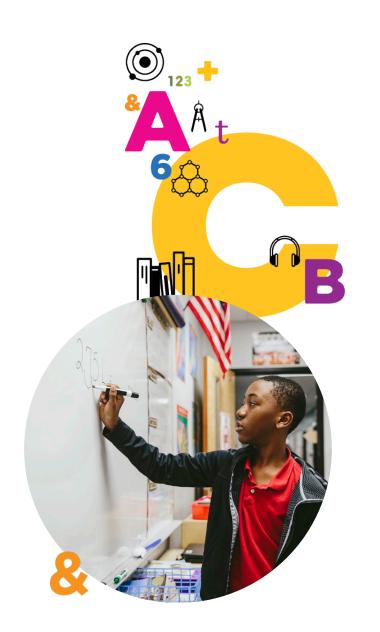

Achievement by Individual Education Plan (IEP) Status

Median Reading Achievement Percentile by IEP Status

Main Takeaways

- General trend is a slight increase in Reading achievement between spring '23 and spring '24
- Increase in median achievement for every grade and across all student subgroups
- Increase in percent of students above the 40th achievement percentile in all grades, with the largest increase in Kindergarten

Professional Learning at a Glance

2023-2024

NWEA Assessment Topics

 eLearning Modules: MAP Growth and MAP Reading Fluency Basics

Science of Reading Topics

- Academy for Literacy Leadership Innovation (ALL In) Nevada workshops
- In-person literacy summit

2024-2025

NWEA Assessment Topics

- On-demand eLearning: Foundations
- In-person, region-specific learning opportunities
- Statewide, virtual professional learning

Science of Reading Topics

- Increased number of ALL In Nevada workshops
 - In-person, region-specific professional learning
 - Statewide, virtual professional learning
