

Nevada's 2018 Targeted Support and Improvement Schools

Overview

Targeted Support and Improvement Schools (TSI) meet designation criteria under Nevada's federally approved Every Student Succeeds Act (ESSA) Plan. All Indicators in the Nevada School Performance Framework have multiple Measures and each Measure is disaggregated by 10 subgroups (American Indian, Asian, Black, Hispanic, Pacific Islander, Multi-Race, Caucasian, English Learner, Students With Disabilities, Economically Disadvantaged Students). TSI schools have low performing subgroups in multiple Measures for at least two years in a row. The TSI Schools list identifies schools eligible for supports and interventions. TSI schools cannot receive a rating higher than 3-Stars in the year of initial designation.

Eligibility Criteria

TSI Schools meet the following criteria.

For a minimum of two years in a row:

- Subgroup performance is below annual unique Measure of Interim Progress (MIP) benchmark for ELA or Math proficiency rates.
- Subgroup performance not meeting annual MIPs have failed to show at least a 10% improvement over previous year performance rate for ELA or Math.
- Subgroup performance is below the State's 15th percentile of statewide student performance on multiple measures.
- Subgroup performance has identified the school for TSI in Academic Achievement Indicator and at least two other Indicators (Growth, English Language Proficiency, Student Engagement)

Elementary Schools Meeting Targeted Support and Improvement Criteria in 2018

Based on data from the 2016-17 and 2017-18 school years, each of these schools has subgroup performance gaps in Academic Achievement and at least two other indicators.
