Program Description:

AB165 created the Nevada Educational Choice Scholarship Program (often referred to as Opportunity Scholarships), which became effective July 1, 2015. This program allows a student whose family has a household income not more than 300 percent of the federal poverty level to apply for a scholarship from an approved scholarship organization. The scholarship provides support for the student to attend a registered private school, pay the fees for distance education programs and/or dual credit programs in our public schools and cover the transportation costs if the school does not offer transportation.
