

Request for Qualifications for Charter School Auditors

Purpose and Mission

The Committee to Oversee the Charter School Auditor List (COSAL) is seeking qualified certified public accountants (CPAs) and/or accounting/auditing firms (firms) to provide independent audits of Nevada Charter Schools.

COSAL is a committee formed under NAC 387.775 for the express purpose of developing standards and maintaining a list of approved CPAs and/or firms to perform independent audits of Nevada Charter Schools. Each Nevada Charter School is governed by an independent board of directors, and each Nevada Charter School will develop their own criteria for selecting a CPA and/or firm to perform their independent audit from the list approved by the COSAL.

The mission of COSAL is to provide a standard by which Offerors will be measured in order to qualify as an auditor for Nevada Charter Schools, and to develop a list of approved auditors for Nevada Charter Schools to select an auditor. COSAL will not be making any specific recommendations to Nevada Charter Schools beyond developing the list of approved auditors. Final review and contracting will be with an individual Nevada Charter School in accordance with all applicable Nevada laws. No contract terms and conditions with any Nevada Charter School will be negotiated by COSAL on behalf of any Nevada Charter School.

Scope

COSAL is seeking to identify CPAs and/or firms to provide independent audits of Nevada Charter Schools as required by NAC 387.775 for Nevada fiscal year 2026 (FY26, July 1, 2025 – June 30, 2026). Some schools may require a Single Audit pursuant to 2 CFR 200.501 due to the amount of federal funding received by the school.

Selection as an approved auditor by this committee does not guarantee a contract, engagement, funding or award. Once the list is developed by COSAL, the list of approved auditors will be provided to the Nevada charter schools for their consideration and selection.
