Nevada State Performance Plan Annual Performance Report

Douglas County School District Performance Indicator Data – 2021-2022 (May 2023)

The Individuals with Disabilities Education Act (IDEA 2004) requires states to develop and submit a State Performance Plan (SPP) to the Office of Special Education Programs (OSEP) at the U.S. Department of Education. The SPP is designed to evaluate the state's efforts to implement the requirements and purposes of IDEA and describe how the state will improve its implementation. The plan consists of several priority areas with specific indicators defined for each area. Measurable and rigorous targets are defined for each indicator to show progress throughout the period of the SPP. States are required to report publicly on the performance of local education agencies (LEAs) for SPP indicators 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, and 14. The table below shows how this LEA performed on specific indicators and whether or not the LEA met the state's annual targets for those indicators as defined in the Nevada State Performance Plan. A link to the Nevada State Performance Plan/Annual Performance Report can be found at https://sites.ed.gov/idea/spp-apr-letters?selected-category=sppapr-part-b&selected-year=&state=Nevada.

Unless otherwise noted, an LEA percentage at or above the state target meets the state target.

¹ The Reporting Year refers to the year that the Annual Performance Report was submitted to the U.S. Department of Education. The data reported are from the previous school year, except for Indicators 1, 2 and 4, when there is a one-year lag and data are reported for the year prior to the previous school year. For example, for the 2022 Reporting Year, data for all indicators are from the 2020-2021 school year, except for Indicators 1, 2, and 4, where data are from the 2019-2020 school year.

Determination Under IDEA for 2021-2022

In accordance with federal requirements under the Individuals with Disabilities Education Act (IDEA), the Nevada Department of Education (NDE) is required to make an annual determination of each LEA's status in implementing the purposes and requirements of Part B of the IDEA. This annual determination is based upon a review of each LEA's data against the state targets established for performance and compliance indicators under the Nevada State Performance Plan. "Performance" indicators include Indicators 1, 2, 3, 4a, 5, 6, 7, 8, and 14. "Compliance" indicators include Indicators 4b, 9, 10, 11, 12, and 13 as well as correction of noncompliance identified during the previous year reported under Indicators 11, 12, and 13.

LEAs that were determined to "meet requirements" (a) reported accurate and timely data, (b) demonstrated substantial compliance for Indicators 4b, 9, 10, 11, 12, and 13 (as applicable) at a 95-100% rate, and (c) demonstrated correction of noncompliance identified during the previous year at a 95-100% rate. LEAs that were determined to "need assistance" (a) did not report accurate and/or timely data but took action to correct data systems; (b) demonstrated substantial compliance for Indicators 4b, 9, 10, 11, 12, and 13 (as applicable) at a 50-94% rate; (c) demonstrated correction of noncompliance identified during the previous year at a 95-100% rate; and (d) met a target for at least one performance indicator.

Based on these criteria, the Douglas County School District determination for 2021-2022 is: Meets Requirements
