Implementation

Should the regulation implementation occur all at once or gradually?	
All At Once Proceed to <u>ADDITIONAL INFO</u> section	Gradually Specify criteria for rollout Then, proceed to <u>ADDITIONAL INFO</u> section

Additional Information

What additional data or information is needed to make an informed decision? Identify the key metrics and research areas required to make an evidence-based decision, such as:

- Impact on extracurricular activities, such as sports and after-school programs.
- Cost implications, including potential adjustments to transportation schedules.
