

Nevada State Assessments 2018-2019 Results

Nevada State Board of Education October 10, 2019

The Nevada State Assessment System

Nevada Ready! The Nevada Department of Education

Proficiency

Proficiency is a minimum achievement level students must obtain in a content area as determined by Nevada educators, content experts, stakeholders, and parents. In Nevada the minimum level for proficiency is Level 3.

- Level 1 The student has not met the achievement standard and needs substantial improvement to demonstrate the knowledge and skills needed for likely success in future coursework.
- Level 2 The student has nearly met the achievement standard and may require further development to demonstrate the knowledge and skills needed for likely success in future coursework
- Level 3 The student has met the achievement standard and demonstrates progress toward mastery of the knowledge and skills needed for likely success in future coursework.
- **Level 4** The student has exceeded the achievement standard and demonstrates advanced progress toward mastery of the knowledge and skills needed for likely success in future coursework.

Smarter Balanced

- Grades 3-8
- Measures how well students are mastering learning standards that guide classroom instruction and helps to ensure that students are on track to graduate from high school with the critical thinking, problem solving, and reasoning skills needed to succeed in today's world.
- Meets state and federal reporting laws.
- The assessments are aligned with the Nevada Academic Content Standards in ELA and Mathematics.
- Assessments are administered at schools once a year as a computer-based test in a computer-adaptive format.

Smarter Balanced Highlights and Opportunities for Improvement

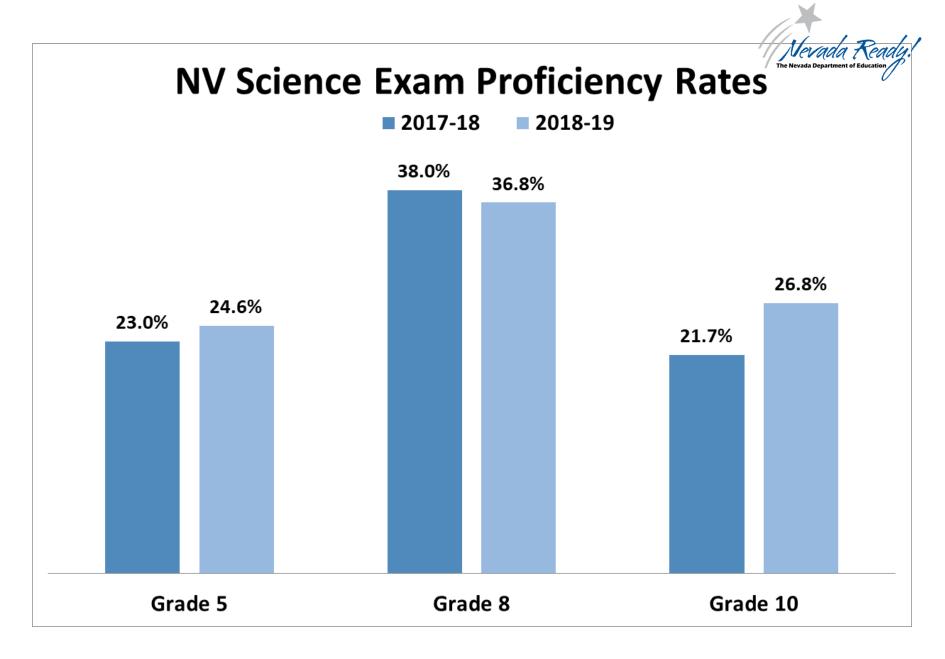

Science

- Grades 5, 8, and High School
- Measures how well students are mastering learning standards that guide classroom instruction and helps to ensure that students are on track to graduate from high school with the critical thinking, problem solving, and reasoning skills needed to succeed in today's world.
- Meets state and federal reporting laws
- Based on the Nevada Science Standards based on the Next Generation Science Standards (NGSS).
- The Science Assessments are administered at schools once a year as a computer-based test.
- Students respond to both multiple choice and constructed response item types (some enhanced by online technology).

Science Proficiency Highlights and Opportunities for Improvement

ACT

- Grade 11
- Helps to ensure that students are on track to graduate from high school with the critical thinking, problem solving, and reasoning skills needed to succeed in today's world.
- Meets state and federal reporting laws.
- The ACT assesses the domains of English, Math, Reading,
 Science and Writing.
- Administered on one day each spring.
- The state-day testing, or census day testing, are used for state and federal reporting.

ACT Highlights and Opportunities for Improvement

WIDA

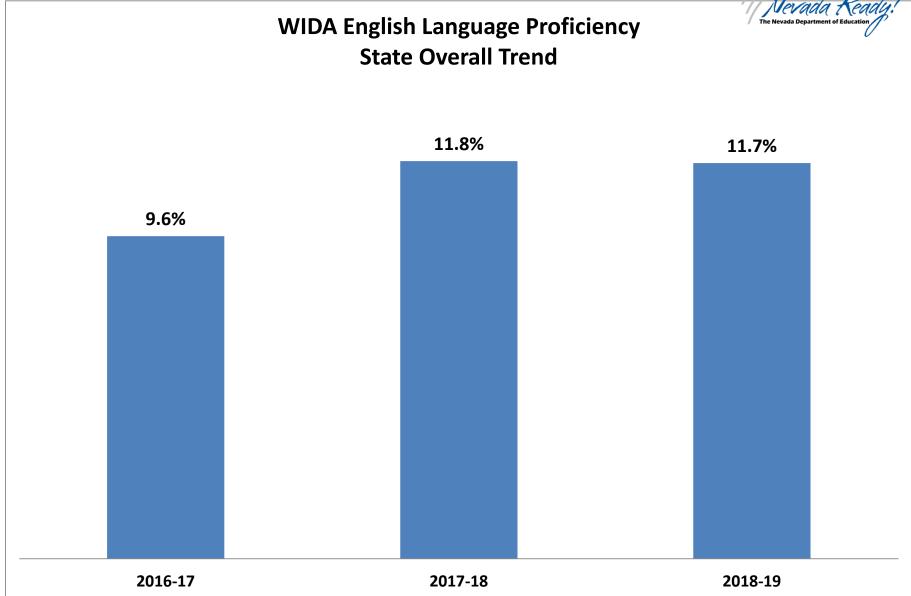

- Grades Kindergarten 12th
- Helps to ensure that English Learners (EL) are on track to graduate from high school with the critical thinking, problem solving, and reasoning skills needed to succeed in today's world.
- The Every Student Succeeds Act (ESSA) of 2015 requires that students identified as EL are annually assessed for English proficiency in the four domains of speaking, listening, reading, and writing on an English Language Proficiency Assessment.
- The WIDA Consortium provides Nevada's English Proficiency Examination.
- **NOTE**: WIDA does not replace the State English Language Arts assessments required by state law.
