5. INFORMATION, DISCUSSION, AND POSSIBLE ACTION REGARDING WORK SESSION *(Information/Discussion/Possible Action)*

Kathleen Galland-Collins reviewed the recommendations of the Task Force with the members. Members compared their recommendations with those made by the four stakeholder groups in Agenda Item 4. Members engaged in conversation to combine duplicate recommendations. Members determined which recommendations to keep in their report and which to request more information on. Members suggested refined language be included in the specifics and rationale sections of the report. Ms. Galland-Collins suggested that since there were several different recommendations within the parameters of increasing the allocation of funding to education, the task force should combine the recommendations with a bulleted list of how the funds should be prioritized and would not be as exhaustive for legislators to read. Mrs. Galland-Collins also suggested that when they put the recommendations in the draft report during the next AB 276 Task Force meeting that they should make a motion to approve them.

Kathleen Galland-Collins reviewed the proposed format of the June 22, 2022, report to the Legislative Committee on Education (LCE). She reviewed the draft language, how the sections were organized, and the links to the research supporting each recommendation. Ms. Galland-Collins explained that NDE staff would include the recommendations discussed today in the final report for approval at the May 18 meeting. Task Force members suggested including wording that designates which recommendations were included in the 2020 Task Force Report and which stakeholder groups put forth the recommendations this year. The recommendations from the previous Task Force all with all recommendations from the stakeholder groups will be available in the appendix. ([See meeting materials](#))

Chair Tammie Smithsburg entertained a motion to accept the format of the report. **Member Nicole Witkowski motioned to accept the format of the report. Member Linda Flaherty seconded the motion. Motion passed unanimously.**
