Ms. Ebert:

The Clark County School District (CCSD) would like to request approval from the Nevada State Board of Education for additional courses from the Nevada System of Higher Education (NSHE) for which high school credit can be granted. It would be appreciated if these items could be considered for the Thursday, November 4, 2021 Nevada State School Board Agenda.

This item, for high school credit for courses taken concurrently through the Nevada System of Higher Education, (specifically UNLV and CSN) for high school students, was approved by the CCSD Board of Trustees on January 28, 2021.

Attached is the CCSD board item with the courses that were approved for high school dual credit, a copy of the interlocal agreements between CCSD and each institution of higher education, and supporting course descriptions.

Thank you for this consideration and processing of this board item. Please let me know if any additional information is needed to complete this process.

Sincerely,

Amy Adams

If approved, students will receive credit towards high school graduation from the Clark County School District and simultaneously receive college credit. The aforementioned courses will be designated as dual credit in school course catalogs.

Should the Board of School Trustees not authorize these courses for dual-credit, students concurrently enrolled in these courses will not earn high school credit.

Discussion and possible action to approve high school dual-credit coursework, aligned to the Nevada System of Higher Education, for the purpose of articulation, with no impact to the general fund, is recommended.
