Jesus F. Jara Ed.D., Superintendent

Superintendent Canavero:

The Clark County School District (CCSD) requests approval for use of an Alternate Performance Evaluation Tool for the 2018-2019 school year. Please accept the enclosed application and the Teacher Evaluation Summative Rating Tools for consideration.

The CCSD-developed Teacher Evaluation Summative Ratings Tools will be used to report the scoring for the following items: Instructional Practice Domain, Professional Responsibilities Domain, and where applicable, the Student Performance Domain. Additionally, the educator's areas of strength and growth, Student Learning Goal, and Professional Practice Goal will be addressed.

The Summary of Evidence will be located within the pre- and post-observation conference notes that will include summative evidence. The aforementioned documents will contain in writing the required observational and confirmatory evidence for each Standard and Indicator, and the teacher will sign for receipt of these documents following the observation. The evaluator will use the rubrics and evidence recorded in these signed documents throughout the Observation Cycle to determine the performance level. Thank you in advance for your consideration.

Best regards,

Dr. Jesse Welsh  
Assistant Superintendent
