October 18, 2019

Ms. Jhone Ebert, Superintendent  
Nevada Department of Education  
700 East Fifth Street  
Carson City, NV 89701

Dear Ms. Ebert:

This letter is respectfully requesting your review and the Nevada State Board of Education's approval of the attached updated list of the Nye County School District's (NCSD) dual credit courses. Per Nevada Revised Statute 389.160, school districts who offer dual credit options to students must have the courses approved by both the local board of trustees and the State Board of Education. Dual credit may be awarded for both elective and required academic credit towards high school graduation. NCSD's Board of Trustees has approved the attached list of courses at their October 9, 2019 school board meeting. A copy of NCSD's Board of Trustees approval is included in the attached minutes of their October 9, 2019 meeting.

The Nye County School District is respectfully requesting the State Board of Education's approval of the attached dual credit course list at their December 12, 2019 meeting for application in the 2019-2020 academic school year and beyond. Approval of the dual credit course list, in collaboration with Great Basin College, would support the district's strategic plan as it pertains to:

1. Increasing the variety of academic and elective coursework available to NCSD students.
2. Providing students with additional pathways to meet the College and Career Readiness graduation requirements.
3. Promoting student interest in pursuing post-secondary pathways after high school graduation.
4. Developing a skilled workforce ready for entry into the Nevada's existing and developing industries.
5. Creating rigorous and engaging learning environments for NCSD students.

The Nye County School District would appreciate your support in approving the attached list of dual credit courses. If you have any questions please contact me directly so that I may personally address your concerns.

Respectfully,

  
Dale Norton, Superintendent  
Nye County School District
