Jhone Ebert, Superintendent Nevada Department of Education 700 East Fifth Street Carson City, Nevada 89701

Dear Ms. Ebert:

This letter is to respectfully request your review and the Nevada State Board of Education's (NSBE) approval of the attached updated list of Nevada State High School's (NSHS) dual credit courses under NRS 389.160 and approved by the school's governing body in public meeting on April 16, 2020. Since opening in 2004, the network of schools for Nevada State High School reviews and updates practices and policies to ensure the school is maintaining compliance with state policy changes and is current on the best practices that impact the school and its students.

The NSHS network of schools already has NSHE 100-200 college level courses that are 3 or more college credits count for dual-credit. This request is to expand the dual-credit offerings to all 300-400 level courses and college courses of varying college credit. This allows the school to remain current and consistent with other approved dual-credit practices implemented by schools and districts throughout the State.

Due to Nevada System of Higher Education's continual process of aligning to common course sequencing, the school is requesting that the current list of courses automatically adopt the new course naming systems as the colleges work toward this alignment.

This request is for all NSHS Network Schools including Flagship, Meadowwood, and Sunrise. Should you have any questions, then please contact me at whawk@earlycollegenv.com or 702-332-5063.

Sincerely,

Wendi Hawk, CEO

Wardi Callank

Mr. Matthew Fox, Esq. Board Chair
