

Possible State Board of Education Guardrails

- We will not allow our overall graduation rate to decrease below the 2021 rate of 81.3%.
- We will not make gains at the expense of any subgroup.
- We will not allow academic gaps between subgroups to increase or remain the same.
- We will not narrow the breadth and rigor of curriculum being taught.
- We will not consider the results of student academic data without considering the social and emotional and mental health of the students and staff.
- We will not compromise the emotional health of our students
