A REGULATION relating to education; revising provisions relating to a special license as an emergency substitute teacher; authorizing certain larger school districts and charter schools located within such school districts to hire an emergency substitute teacher during a state of emergency or declaration of disaster, as needed; requiring each school district or charter school to provide certain training to each emergency substitute teacher hired by the school district or charter school; and providing other matters properly relating thereto.

Legislative Counsel’s Digest:

Existing law establishes a special license for teachers and other educational personnel in this State, which authorizes the holder to teach or perform other educational functions as designated in the license. (NRS 391.031) Existing regulations prescribe the qualifications for a special license as an emergency substitute teacher and the period of validity of such a special license. With certain exceptions, existing regulations prohibit a person from reapplying for a special license as an emergency substitute teacher more than two times after the expiration of his or her original special license. Existing regulations provide that the Superintendent of Public Instruction may authorize the holder of a special license as an emergency substitute teacher to reapply for such a license more than two times upon the written request of the school district or charter school that employs the holder. (NAC 391.0896) **Section 2** of this regulation allows the Superintendent, at his or her discretion, to authorize the holder of a special license as an emergency substitute teacher to reapply for such a license more than two times during a state of emergency or declaration of disaster, regardless of whether the Superintendent has received a written request from the school district or charter school that employs the holder.

Existing regulations allow: (1) certain smaller school districts and charter schools located within the geographic boundaries of such school districts to hire an emergency substitute teacher to serve as a teacher in kindergarten through grade 12, as needed; (2) upon written request by a larger school district, the Department to authorize the school district to hire an emergency substitute teacher to serve as a teacher in kindergarten through grade 12 in a school that is located in a rural area of the school district in an emergency; and (3) upon written request by a charter school located in a rural area within the geographic boundaries of a larger school district, the Department to authorize the charter school to hire an emergency substitute teacher to serve as

a teacher in kindergarten through grade 12 in an emergency. (NAC 391.0896) **Section 2** authorizes a larger school district or charter school located within the geographic boundaries of such a school district, during a state of emergency or declaration of disaster, to hire an emergency substitute teacher to serve as a teacher in kindergarten through grade 12, as needed. **Section 2** authorizes a person employed as an emergency substitute teacher under these circumstances to serve as a teacher for the remainder of the school year in which the state of emergency or declaration of disaster is proclaimed, regardless of when the state of emergency or declaration of disaster is terminated.

Section 2 also: (1) requires each school district or charter school to provide certain training to each emergency substitute teacher hired by the school district or charter school; and (2) provides that an emergency substitute teacher must complete such training before he or she may serve as a teacher.

Section 1 of this regulation makes a conforming change relating to the renumbering of subsections in **section 2**.
