

**The ELD-NEPF Connection:  
Aligning the Nevada ELD and NEPF Instructional Practice  
Standards Frameworks**

Secondary English Language Arts

## Introduction

### Purpose of this Resource

The purpose of the Nevada English Language Development (ELD) Standards Framework and Nevada Educator Performance Framework (NEPF) Instructional Practice Standards Connections documents is to provide clarity about the alignment between these two frameworks and guidance about high-leverage, evidence-based instructional practices that are particularly effective for English learner (EL) students. When the ELD and NEPF Instructional Practice Standards Frameworks are used concurrently, teachers implement effective instruction that promotes EL students' equitable access to intellectually rich, grade-level, and standards-based content instruction.

The Nevada ELD Standards Framework articulates specific, research-based instructional practices that promote EL students' simultaneous development of language, content knowledge, and content disciplinary practices. The ELD Standards Framework Guidance Documents specify the connections between the ELD Standards and the content disciplinary practices of English language arts, mathematics, science, and social studies. The ELD Standards Framework Guidance Documents can be accessed at [https://doe.nv.gov/English\\_Language\\_Learners\(ELL\)/ELD\\_Standards\\_Framework\\_and\\_Instructional\\_Guidance\\_Documents/](https://doe.nv.gov/English_Language_Learners(ELL)/ELD_Standards_Framework_and_Instructional_Guidance_Documents/)

The NEPF identifies effective instructional practices that support all students to meet academic achievement targets and performance expectations. The NEPF promotes five research-based, high-leverage instructional principles of effective teaching:

**Standard 1:** New learning is connected to prior learning and experiences.

**Standard 2:** Learning tasks have high cognitive demand for diverse learners.

**Standard 3:** Students engage in meaning-making through discourse and other strategies.

**Standard 4:** Students engage in metacognitive activity to increase understanding of and responsibility for their own learning.

**Standard 5:** Assessment is integrated into instruction.

Certain practices promoted in the ELD-NEPF Connections documents may also be beneficial for students who are not identified as EL students; however, this document focuses explicitly on effective instruction for EL students. The goal of providing these resources is to support educators to in understanding how the following overarching practices can result in EL students' higher academic achievement:

- a. Providing students opportunities to interpret and express language in a variety of contexts and in all content areas,
- b. Providing students opportunities to collaborate on disciplinary tasks and in disciplinary practices/learning while using academic/content language meaningfully, and
- c. Using formative assessment processes to drive instruction.

These EL-focused practices are aligned with the NEPF Standards and Indicators.

## How to Use This Resource

This ELD - NEPF Instructional Practice Standards Framework Connections document offers concrete guidance to educators on effective instructional practices for EL students. It provides a visual overview of the alignment between the NEPF and the ELD Standards Framework in the areas of interpreting, expressing, collaborating, and engaging in formative assessment practices in the content areas. Recommended practices and classroom examples in action illustrate high-quality instruction for EL students that align with each NEPF standard and associated indicators.

This resource should be used in conjunction with the NEPF Rubrics, Tools, and Protocols, and the ELD Standards Framework Guidance Documents to inform the implementation of instructional practices, conversations between educators and evaluators, and areas for professional growth. Educators can use this resource to identify high-quality instructional practices they can implement to ensure their EL students' learning needs are being addressed. Educators may also use this resource to deepen their understanding of how NEPF Standards and Indicators align with practices that support EL students. It is important to note that this resource is not intended to be an all-inclusive list of practices to support EL students; it serves to initiate and support conversations about effective practices.

## ELD Guiding Principles

The education of EL students is a shared responsibility by all educators. Five ELD guiding principles articulate the fundamental norms, behaviors, and values shared by effective educators of EL students and that frame instructional decision-making. These guiding principles, along with the NEPF Instructional Practice Standards, frame the recommended practices in this resource.

**Guiding Principle 1:** Teachers recognize and value EL students' assets: home language(s), cultural assets, existing knowledge, prior schooling experiences, and English language and translanguaging abilities. Teachers leverage these assets to accelerate learning in English language development and content proficiency.

**Guiding Principle 2:** Teachers provide robust, grade-level, and content standards-based instruction to EL students with intentional scaffolding designed to support their content understandings, language development, and analytical thinking.

**Guiding Principle 3:** Teachers provide frequent opportunities for EL students to engage in extended discourse through multiple modalities, including oral, written, visual, and kinesthetic modes of communication focused on developing students' content understandings, language, and analytical thinking.

**Guiding Principle 4:** Teachers provide opportunities for English learners to develop metacognitive, metalinguistic, and metacultural awareness and to use this knowledge to develop autonomy and monitor their progress in content, language, and socio-emotional learning.

**Guiding Principle 5:** Teachers align assessment practices with content and language learning goals; teachers use formative assessment practices during instruction to support English learners' content and English language learning.

**ELD-NEPF Standards Framework Connection Reviewers**

The Nevada Department of Education is thankful to staff from the Region 15 Comprehensive Center for their assistance in the development of the ELD-NEPF Connections documents and expresses deep gratitude to the following contributors and reviewers who generously shared their time and expertise.

Contributors and Reviewers	Position Title	Organization
Linda Fields	English Learner Specialist	Douglas County School District
Dr. Darl Kiernan	Education Programs Professional	Nevada Department of Education
Dr. Kulwadee Axtell	Education Programs Professional	Nevada Department of Education

**ELD-NEPF Alignment At-a-glance**

The following table shows the alignment between the ELD Standards Framework Practices and the NEPF Instructional Practice Standards and Indicators. The dots in the table represent the ELD Standards Framework Practices.

**ELD Standards Framework Practices for Supporting the Development of Language Across the Content Areas**

- Interpreting Language
- Expressing Language
- Collaborating in the Language of the Content
- Formative Assessment

**Teacher Instructional Practice Standards and Indicators**

STANDARD 1 New Learning is Connected to Prior Learning and Experience	STANDARD 2 Learning Tasks have High Cognitive Demand for Diverse Learners	STANDARD 3 Students Engage in Meaning-making through Discourse and Other Strategies	STANDARD 4 Students Engage in Metacognitive Activity to Increase Understanding of and Responsibility for Their Own Learning	STANDARD 5 Assessment is Integrated into Instruction
<b>Indicator 1 ●</b> Teacher activates all students' initial understandings of new concepts and skills	<b>Indicator 1 ●</b> Tasks purposefully employ all students' cognitive abilities and skills	<b>Indicator 1 ●●</b> Teacher provides opportunities for extended, productive discourse between the teacher and student(s) and among students	<b>Indicator 1 ●●</b> Teacher and all students understand what students are learning, why they are learning it, and how they will know if they have learned it	<b>Indicator 1 ●●●</b> Teacher plans on-going learning opportunities based on evidence of all students' current learning status
<b>Indicator 2 ●</b> Teacher makes connections explicit between previous learning and new concepts and skills for all students	<b>Indicator 2 ●●●</b> Tasks place appropriate demands on each student	<b>Indicator 2 ●</b> Teacher provides opportunities for all students to create and interpret multiple representations	<b>Indicator 2 ●</b> Teacher structures opportunities for self-monitored learning for all students	<b>Indicator 2 ●●●</b> Teacher aligns assessment opportunities with learning goals and performance criteria
<b>Indicator 3 ●</b> Teacher makes clear the purpose and relevance of new learning for all students	<b>Indicator 3 ●●</b> Tasks progressively develop all students' cognitive abilities and skills	<b>Indicator 3 ●</b> Teacher assists all students to use existing knowledge and prior experience to make connections and recognize relationships	<b>Indicator 3 ●●</b> Teacher supports all students to take actions based on the students' own self-monitoring processes	<b>Indicator 3 ●●●●</b> Teacher structures opportunities to generate evidence of learning during the lesson of all students
<b>Indicator 4 ●</b> Teacher provides all students opportunities to build on or challenge initial understandings	<b>Indicator 4 ●●●</b> Tasks operates with a deep belief that all children can achieve regardless of race, perceived ability and socio-economic status	<b>Indicator 4 ●●</b> Teacher structures the classroom environment to enable collaboration, participation, and a positive affective experience for all students		<b>Indicator 4 ●●●●</b> Teacher adapts actions based on evidence generated in the lesson for all students

<p><b>Standard 1: New learning is connected to prior learning and experience</b></p>	<p><b>ELD Guiding Principle 1: Teachers recognize and value EL students’ assets: home language(s), cultural assets, existing knowledge, prior schooling experiences, and English language and translanguaging abilities; teachers leverage these assets to accelerate English language development and content proficiency.</b></p>
