

February 25, 2021

Jhone Ebert
Nevada Department of Education
Superintendent of Public Instruction
700 East Fifth Street
Carson City, NV 89701

Ms. Ebert:

The Clark County School District (CCSD) would like to request approval from the Nevada State Board of Education for additional courses from the Nevada System of Higher Education (NSHE) for which high school credit can be granted. I would appreciate if these items could be considered for the Thursday, April 15, 2021 Nevada State School Board Agenda.

This item, for high school credit for courses taken concurrently through the Nevada System of Higher Education for high school students, was approved by the CCSD Board of Trustees on January 28, 2021.

Attached is the CCSD board item with the courses that were approved for high school dual credit. Thank you for this consideration and processing of this board item. Please let me know if I can be of further assistance with this process.

Sincerely,

Amy Adams

CREDIT TOWARD GRADUATION FROM HIGH SCHOOL
FOR COURSES COMPLETED THROUGH THE NEVADA SYSTEM OF HIGHER EDUCATION

Nevada Revised Statutes 389.160 requires approval of courses for which high school credit is granted from both the Board of School Trustees of each county school district and the State Board of Education. Courses to be considered for dual credit are listed below. The dual credit courses listed below are in addition to courses previously approved by the Board of School Trustees.

College Course ID		College Credit	College Course Title	High School Credit	High School Credit Type
CIT	280	3.0	Introduction to Blockchain Concepts	1.0	Arts/Humanities/ Career and Technical Education
CIT	281	3.0	Intermediate Blockchain Concepts	1.0	Arts/Humanities/ Career and Technical Education

If approved, students will receive credit towards high school graduation from the Clark County School District and simultaneously receive college credit. The aforementioned courses will be designated as dual credit in school course catalogs.

Should the Board of School Trustees not approve these courses for dual credit, students concurrently enrolled in these courses will not earn high school credit.

Discussion and possible action to approve high school dual credit coursework, aligned to the Nevada System of Higher Education, for the purpose of articulation, with no impact to the general budget, is recommended.
