

Title IV, Part A Program Public Reporting (FY19-20)

Section 1 – Expenditure Data

The Federal Every Student Success Act (ESSA) Section 4106 requires State Education Agencies (SEAs) to publicly report on Local Education Agencies (LEAs) That receive greater than \$30,000 in Title IV, Part A (Title IVA) funding. The United States Department of Education (USED) selected the FY19-20 grant period which encompasses the entire performance period (27 months) so carryover funding is included in the chart below.

The required ESSA Section 4106 compliance report includes both (1) *LEA Expenditure Data* and (2) *Performance Date* (section 2 below) which indicates progress being made by LEA's toward meeting the objectives and outcomes of their SEA approved applications for the use of Title IVA funding.

Required in the Title IVA program, is that if an LEA receives greater than \$30,000 in Title IVA program funds, it must conduct a comprehensive needs assessment (must be updated at least every three years) that includes, at a minimum, a focus on the three content areas which include:

- Well-rounded Educational Opportunities (ESEA section 4107);
- Safe and Healthy Students (ESEA section 4108); and
- A portion of the funds for activities to support Effective Use of Technology (ESEA section 4109).

Based on the LEAs student achievement priorities and evidence-based activities identified in their assessment, the LEAs must use:

- At least 20 percent of the funds to support well-rounded educational opportunities.
- At least 20 percent of the funds for activities to support safe and healthy students;
and
- A portion of funds for activities to support effective use of technology.

LEA Expenditure data per Content Area: Well-rounded Education (WRE), Safe and Healthy Students (SHS), Effective Use of Technology (EUT). Indirect Cost and/or administrative cost omitted.

LEA	WRE	SHS	EUT	Total	Greater than \$30,000 & m required content area %'s
Carson City SD	\$67,536	\$21,980	\$12,195	\$101,711	Yes
