

*The intent of this regulation is to create another pathway allowing educators who hold an ARL license to change endorsement areas. The purpose of this pathway streamlines the process if the employer needs to move the educator to another assignment due to staffing needs and allows the educator to stay employed during the process.*

PROFESSIONAL STANDARDS IN EDUCATION**

EXPLANATION – Matter in *italics* is new; matter in brackets ~~[omitted material]~~ is material to be omitted.

AUTHORITY: §§ 1-3, NRS 391.019 and 391.032.

A REGULATION relating to educational personnel; revising requirements for obtaining certain provisional licenses to teach; renaming certain provisional licenses to teach as alternative provisional licenses; repealing certain provisions relating to provisional licensure; and providing other matters properly relating thereto.

**Legislative Counsel's Digest:**

Existing law requires the Commission on Professional Standards in Education to adopt regulations: (1) prescribing the qualifications for licensing teachers and other educational personnel; and (2) providing for the issuance of provisional licenses to teachers and other educational personnel before completion of all courses of study or other requirements for a license in this State. (NRS 391.019, 391.032) Existing regulations outline various requirements for obtaining a provisional license to teach. (NAC 391.057-391.0577) **Section 1** of this regulation renames this license as an alternative provisional license and authorizes the holder of such a license to teach students enrolled in: (1) a program of early childhood education; (2) kindergarten and grades 1 to 12, inclusive; or (3) special education. **Section 3** of this regulation repeals certain provisions relating to provisional licensure.

Existing regulations require an applicant for a provisional license to pass a competency test in reading, writing and mathematics, unless exempt. (NAC 391.057) **Section 1** removes this requirement for an alternative provisional license to teach.

Existing regulations authorize a holder of a provisional license to convert the provisional license to an initial license if certain conditions are met. (NAC 391.057) **Section 1** instead authorizes a holder of an alternative provisional license to convert the alternative provisional license to an initial license if certain conditions are met. **Section 1** adds a requirement that a holder of an alternative provisional license seeking to convert the alternative provisional license to an initial license submit proof satisfactory to the Superintendent of Public Instruction that the licensee has met certain prescribed qualifications. **Section 2** of this regulation makes conforming changes.

Existing regulations provide for the immediate invalidation of the provisional license of a holder who withdraws from a program for an alternative route to licensure. Existing regulations additionally authorize such a holder to apply to the Office of Educator Licensure of the Department of Education for the reinstatement of the license, provided that certain conditions are met. (NAC 391.057) **Section 1** instead provides that the holder of an alternative provisional license that has been invalidated due to withdrawal from a program for an alternative route to licensure may have such a license reinstated only once, so long as an application for reinstatement is submitted within 1 year after the issuance of the initial license. **Section 1** additionally provides that the holder of an alternative provisional license may only apply for reinstatement if: (1) the holder is accepted by the same program provider in another area; or (2) the holder is accepted by another program provider for an alternative route to licensure offered by a qualified provider and pays a certain fee.

**Section 1.** NAC 391.057 is hereby amended to read as follows:
