Form Completion Instructions

All sections of this form must be completed. Incomplete submissions may result in delayed processing.

This form must be completed by the school district and signed by a designated district representative authorized to certify compliance with instructional material adoption requirements.

Below are required attachments the must be submitted through the [Instructional Material Adoption Submission Portal](#):

- Completed Certification of Compliance Form ([IM-03 Form](#))
- Completed High-Quality Instructional Materials (HQIM) Form ([IM-02 Form](#))
- Content-specific [Standards Alignment Form\(s\)](#)
- Instructions on how to access the instructional material.
- A summary of the steps undertaken to reach the instructional materials selection decision.
- Any additional district-developed rubric(s) used in the evaluation.
- Any justifications if an exception is noted under Section D on the IM-03 Form (using the following naming convention: *MaterialName_ExceptionJustification_Date*).

A. School District Information

School District: Washoe County School District Date(s) of Committee Selection: 10/20/2025
Date Submitted: 04/08/2026 Name of Contact: Ellen Badger
Contact Phone: 775-861-4477 Contact Email: ebadger@washoeschools.net
Title: Instructional Materials Specialist Signature: 

B. Instructional Material Information

Title: *The Practice of Statistics for the AP Course 8e* Author(s): Daren Starnes and Josh Tabor
Publisher(s): Bedford, Freeman & Worth Copyright Date: 2026
Revision Date (if applicable): _____ Edition (if applicable): 8e
Content Area: AP Statistics Grade Level(s): 10-12
Teacher Edition ISBN: 9781319613297 Student Edition ISBN: 9781319613280

C. Evaluation Procedure

As outlined in [NAC 389.854](#), the evaluation committee must include a teacher or teachers who are licensed to teach the subject areas or grade levels in which the instructional material is being considered for use, an administrator or curriculum specialist and at least one parent of a pupil who is enrolled in the school district. Additional members may be appointed at the discretion of the district superintendent.

- List below the members of the evaluation committee and their designated representation on the committee who determined that the instructional materials align with the Nevada Academic Content Standards for the subject area and applicable requirements.

Names of Committee Members	Representation (include grade level/subject if applicable)
[REDACTED]	AP Calculus/Precalculus
[REDACTED]	AP Statistics
[REDACTED]	AP Calculus/Precalculus
[REDACTED]	AP Statistics
[REDACTED]	Parent
[REDACTED]	Math Specialist

- List below the dates, times, and locations at which parents and guardians of pupils enrolled in the district, as well as other members of the community, were provided the opportunity to review the instructional material, assess its alignment to the Nevada Academic Content Standards for the subject area (both content and process), and submit written comments to the committee prior to final recommendations.

Date(s)/Time(s)	Location(s)
03/23/2026 – 04/03/2026	Digital Public Comment - WCSD Website
	https://www.washoeschools.net/directory/curriculum-and-instruction/instructional-materials/instructional-materials-4th-year-math-public-comment

D. Evaluation Criteria

The instructional material was reviewed for alignment with the Nevada Academic Content Standards and the school district’s curriculum goals and objectives and was found to be consistent with those standards, with the following exceptions:

- No Exceptions Noted - Exceptions Noted

If exceptions are noted, a detailed response for each exception must be attached to the submission of this form. Please use the following naming convention: *MaterialName_ExceptionJustification_Date*

School districts must provide a response to each criterion on the Standards Alignment Form(s) and the High-Quality Instructional Materials (HQIM) Form (Form IM-02). Any criterion marked “Does Not Meet,” “N/A,” or “No” must be accompanied by a written explanation and justification.

E. Selection Process Documentation

The rubric(s) and a summary of the steps undertaken to reach the instructional materials selection decision are on file at the district office. Additionally, the district may elect to develop its own rubric(s) in addition to those provided by the Nevada Department of Education and submit the rubric(s) used to inform their selection decision as part of this report.

List below all documentation submitted with this application:

- NDE Standards Course Alignment – AP Statistics
- IM-02 HQIM Form
- WCSD Instructional Materials Evaluation Rubric (Teacher)
- Instructional materials digital access information
- Summary of the WCSD instructional materials evaluation process

F. Certification of Compliance

Title of Instructional Material

The Practice of Statistics for the AP Course 8e

(Print EXACT Title as shown On Title Page)

Nevada Department of Education
Instructional Material Adoption Compliance
NRS 389.840–389.880 and NAC 389.854–389.880

I hereby certify that, to the best of my knowledge, the instructional material identified above was evaluated for alignment with the Nevada Academic Content Standards and the school district's curriculum goals and objectives, in accordance with NRS 389.840–389.880 and NAC 389.854–389.880. Based on this evaluation, the instructional material was determined to be consistent with those standards, except as noted in this report. The school district maintains on file the rubric(s) used to assess alignment to the applicable state content standards in the subject area addressed.

District Name: Washoe County School District

Signature of Designated District Representative:
