

Nevada State Performance Plan

Annual Performance Report

Lander County School District Performance Indicator Data – 2023-2024 (May 2025)

The Individuals with Disabilities Education Act (IDEA 2004) requires states to develop and submit a State Performance Plan (SPP) to the Office of Special Education Programs (OSEP) at the U.S. Department of Education. The SPP is designed to evaluate the state's efforts to implement the requirements and purposes of IDEA and describe how the state will improve its implementation. The plan consists of several priority areas with specific indicators defined for each area. Measurable and rigorous targets are defined for each indicator to show progress throughout the period of the SPP. States are required to report publicly on the performance of local education agencies (LEAs) for SPP indicators 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14 and 18. The table below shows how this LEA performed on specific indicators and whether or not the LEA met the state's annual targets for those indicators as defined in the Nevada State Performance Plan. A link to the Nevada State Performance Plan/Annual Performance Report can be found at <https://doe.nv.gov/offices/office-of-comprehensive-student-services/spp-and-apr/>

Unless otherwise noted, an LEA percentage at or **above** the state target meets the state target.

INDICATOR 1—EXITING DUE TO GRADUATION

Indicator Number: 1

Indicator Name: Exit due to graduating with regular diploma

Indicator Description: Percent of youth with IEPs exiting special education due to graduating with a regular high school diploma (this indicator is required to be reported using one-year lag data). (NA=No youth with IEPs ages 14-21 exiting special education)

Reporting Year ¹	2022	2023	2024	2025	2026	2027
State Target	72.72%	74.00%	75.00%	76.00%	77.00%	78.00%
State Result	72.72%	65.66%	54.97%	67.64%		
LEA Result	*	*	*	*		
LEA Met Target?	Yes	No	No	Yes		

INDICATOR 2—EXITING DUE TO DROPPING OUT

Indicator Number: 2

Indicator Name: Exit due to dropping out

Indicator Description: Percent of youth with IEPs who exited special education due to dropping out—LEA percentage at or **below** state target meets state target (this indicator is required to be reported using one-year lag data). (NA=No youth with IEPs ages 14-21 exiting special education)

Reporting Year	2022	2023	2024	2025	2026	2027

* In compliance with FERPA, data are not reported for groups totaling fewer than 10 students. Groups include # students earning regular high school diplomas (Indicator 1), # students dropping out of school (Indicator 2), # students proficient on statewide examinations (Indicators 3B, 3C), # IEP students ages 5 enrolled in kindergarten and 6-21 (Indicator 5), # IEP students ages 3, 4, and 5 enrolled in preschool (Indicator 6), # IEP students exiting preschool programs (Indicator 7), # parent survey respondents (Indicator 8), and # IEP students who were no longer enrolled in secondary school and had IEPs in effect at the time they left school (Indicator 14).

¹ The Reporting Year refers to the year that the Annual Performance Report was submitted to the U.S. Department of Education. The data reported are from the previous school year, except for Indicators 1, 2 and 4, when there is a one-year lag and data are reported for the year prior to the previous school year. For example, for the 2025 Reporting Year, data for all indicators are from the 2023-2024 school year, except for Indicators 1, 2, and 4, where data are from the 2022-2023 school year.

INDICATOR 3A—READING PARTICIPATION

Indicator Number: 3A

Indicator Name: 4th Grade READING

Indicator Description: Participation rates of students with IEPs in regular and alternate statewide assessments.

INDICATOR 13—SECONDARY TRANSITION IEP COMPONENTS

Indicator Number: 13

Indicator Name: Secondary transition IEP components

Indicator Description: Percent of youth with IEPs aged 16 and above with an IEP that includes appropriate measurable postsecondary goals that are annually updated and based upon an age appropriate transition assessment, transition services, including courses of study, that will reasonably enable the student to meet those postsecondary goals, and annual IEP goals related to the student's transition services needs. There also must be evidence that the student was invited to the IEP Team meeting where transition services are to be discussed and evidence that, if appropriate, a representative of any participating agency that is likely to be responsible for providing or paying for transition services, including, if appropriate, pre-employment transition services, was invited to the IEP Team meeting with the prior consent of the parent or student who has reached the age of majority. INDICATOR 18—GENERAL SUPERVISION

NDE VERIFICATION OF CORRECTION OF NONCOMPLIANCE WITHIN ONE YEAR

Indicator Number: 18

Indicator Name: Correction of Noncompliance Findings within One Year

Indicator Description: This indicator measures the extent to which the NDE verified that any findings of noncompliance issued during the previous reporting year were corrected within one year, i.e., during the current reporting year. The indicator accounts for noncompliance findings related to compliance indicators 4B, 9, 10, 11, 12, and 13. The indicator includes findings from data collected through all components of the NDE's general supervision system that are used to identify noncompliance, including state monitoring, state database/data system, dispute resolution, fiscal management systems, and any other mechanism through which the NDE identifies noncompliance.

The indicator is measured by calculating the number of noncompliance findings the NDE verified were corrected no later than one year after the NDE's written notification of findings of noncompliance, expressed as a percent of findings of noncompliance issued.

(NA=the LEA was not notified of any findings of noncompliance related to compliance indicators 4B, 9, 10, 11, 12, or 13 during the previous reporting year)

Determination Under IDEA for 2023-2024

In accordance with federal requirements under the Individuals with Disabilities Education Act (IDEA), the Nevada Department of Education (NDE) is required to make an annual determination of each LEA's status in implementing the purposes and requirements of Part B of the IDEA. This annual determination is based in part upon a review of each LEA's data against the state targets established for performance and compliance indicators under the Nevada State Performance Plan. "Performance" indicators include Indicators 1, 2, 3, 4a, 5, 6, 7, 8, and 14. "Compliance" indicators include Indicators 4b, 9, 10, 11, 12 and 13 as well as correction of noncompliance identified during the previous year reported under Indicator 18.

☒ **LEA "Meets Requirements" if the following criteria are met:**

- ☒ The LEA either met the target (100%) or demonstrated substantial compliance for Indicators 4b, 9, 10, 11, 12, 13 and 18 (a compliance percentage of 95-99%) in the current data reporting year.
- ☒ The LEA either met the target (100%) or demonstrated substantial compliance for the requirement to correct noncompliance within one year (95-99% of noncompliance identified in the previous data reporting year was corrected within one year) in the current data reporting year (Indicator 18).
- ☒ The LEA provided valid and reliable (timely and accurate) child count and local plan data for the current data reporting year.
- ☒ The LEA had no unresolved audit findings, no uncorrected noncompliance, and no significant or persistent noncompliance concerns from other sources.

☐ **LEA "Needs Assistance" if one or more of the following criteria are met:**

- ☐ The LEA did not meet the target (100%) or demonstrate substantial compliance for Indicators 4b, 9, 10, 11, 12 and 13 (a compliance percentage of 95-99%), but had compliance at a 50-94% rate.
- ☐ The LEA did not meet the target (100%) or demonstrate substantial compliance for the requirement to correct noncompliance within one year (95-99% of noncompliance identified in the previous data reporting year was corrected within one year) (Indicator 18), but had compliance at a 50-94% rate.
- ☐ The LEA did not provide valid and reliable (timely and accurate) child count and/or local plan data for the current data reporting year, but took necessary actions to collect and report valid and reliable (timely and accurate data) for the succeeding data reporting year.
- ☐ The LEA met the target(s) for at least one "performance" indicator in the current data reporting year.
- ☐ The LEA had no unresolved audit findings, no uncorrected noncompliance, and no significant or persistent noncompliance concerns from other sources.

If the Department determines for two consecutive years that the LEA needs assistance, the Department shall take one or more of the following enforcement actions:

- advise the LEA of available sources of technical assistance
- direct the use of LEA-level federal funds to area(s) in which the LEA needs assistance
- require participation in specified technical assistance activities
- require a review of data to ensure information is valid, reliable and submitted to the Department on a timely basis

☐ **LEA "Needs Intervention" if one or more of the following criteria are met:**

- ☐ The LEA did not meet the target (100%) or demonstrate substantial compliance for Indicators 4b, 9, 10, 11, 12 and 13 (a compliance percentage of 95-99%), and the compliance percentage was very low (below 50%).
- ☐ The LEA did not meet the target (100%) or demonstrate substantial compliance for the requirement to correct noncompliance within one year (95-99% of noncompliance identified in the previous data reporting year was corrected within one year) (Indicator 18), and the compliance percentage was very low (below 50%).
- ☐ The LEA did not provide valid and reliable (timely and accurate) child count and local plan data for the current data reporting year, and took no actions to collect and report valid and reliable (timely and accurate data) for the succeeding data reporting year.
- ☐ The LEA may have had unresolved audit findings, uncorrected noncompliance, and/or significant or persistent noncompliance concerns from other sources.

If the Department determines for three consecutive years that the LEA needs intervention, the Department may take any of the actions described under "needs assistance" and shall take one or more of the following enforcement actions:

- require the LEA to prepare a corrective action plan or improvement plan, if the Department determines that the LEA should be able to correct the problem within one year
- require the LEA to enter into a compliance agreement, if the Department has reason to believe that the LEA cannot correct the problem within one year
- withhold federal funds; seek to recover funds; and/or withhold any further payments to the LEA

☐ **LEA "Needs Substantial Intervention" if:**

- ☐ The LEA's substantial failures to comply significantly with legal requirements affected the core requirements of the program (such as the delivery of services to children), or the LEA informed the state that it was unwilling to comply.

Such determination may occur for any LEA at any time. In such case, the LEA would be required to comply with a corrective action plan that may be developed by the LEA or the Department, at the discretion of the Department. Required activities may include any of those activities already identified in determinations under "Needs Assistance" or "Needs Intervention" and must include one or more of the following enforcement actions:

- withhold federal funds; seek to recover funds; and/or withhold any further payments to the LEA
- deny the LEA participation in discretionary grant programs until specific improvements are completed
