(NRS 392.0175) Existing regulations prescribe requirements for enrollment in an adult high school program designed to enable an adult to earn a high school diploma. (NAC 387.190) **Section 1** of this regulation revises these requirements by authorizing a person who meets the statutory requirements for enrollment in courses for an adult to earn a high school diploma to enroll in an adult high school program. **Section 8** of this regulation makes a conforming change related to the revised requirements for enrollment in an adult high school program.

Existing law requires a pupil enrolled in a public high school to enroll in a certain number of credits in certain subject areas. (NRS 389.018) Existing law requires the State Board of Education to prescribe and enforce the courses of study for the public schools of this State. (NRS 385.114) Existing law additionally requires the State Board to adopt regulations that prescribe the criteria for a pupil to receive a standard high school diploma and provides that a pupil with a

disability who does not satisfy the requirements for receipt of a standard high school diploma may receive an alternative diploma or an adjusted diploma under certain circumstances. (NRS 390.600) During the 2017 Legislative Session, the Legislature enacted Senate Bill No. 249 (S.B. 249), which, with limited exception, required a pupil enrolled in a public high school to enroll in: (1) one-half unit of credit in American government; (2) two units of credit in American history, world history or world geography; and (3) one-half unit of credit in economics. (NRS 389.018, as amended by section 1.5 of Assembly Bill No. 274, chapter 29, Statutes of Nevada 2023, at page 146) Existing regulations prescribe requirements for the receipt of certain diplomas. (NAC 390.430, 390.440, 390.445, 390.470) **Sections 4-7** of this regulation update these requirements to comport with the revisions made by S.B. 249 and A.B. 274 and make various other changes to the requirements prescribed by the State Board for the receipt of certain diplomas. **Sections 4, 5 and 7** additionally clarify that a course of study in computer education and technology includes, without limitation, a course of study in computer science. **Section 10** of this regulation makes the revisions in **sections 4-7** apply retroactively to any diploma issued on or after July 1, 2022.

Section 9 of this regulation removes redundant provisions related to the requirements for an adult standard diploma. **Section 3** of this regulation makes a conforming change related to the waiver of credits required for an adult standard diploma.

Existing regulations prescribe the courses of study for graduation from a public high school. (NAC 389.450) **Section 2** of this regulation revises the courses of study prescribed by the State Board for graduation from a public high school to comport with the revisions made by S.B. 249 and A.B. 274. **Section 2** also: (1) removes personal fitness from the list of prescribed courses; and (2) replaces a reference to basic mathematics with a reference to discrete mathematics on the list of prescribed courses.
