### Acing Accountability in Nevada

### Storey County School District

Monitoring Period: 2023-2024 School Year

In 2023, Governor Lombardo committed \$2.6B in increased funding for K-12 education in Nevada. As these funds were distributed to Nevada's school districts, the State also created accountability metrics to ensure that resources are directly tied to performance. The following information describes how the district performed relative to expectations.

#### To what degree are districts effectively implementing resources?

<b>Evidence Based Instruction Materials</b>		
The school district and the SPCSA ensures that evidence-based, high-quality reading and mathematics programs and primary instructional materials are used; all primary materials are on State-approved lists.	23/24 Goal	Meets Expectations
	23/24 Actual	_
	23/24 Rating	
District Performance Plan		
The District Performance Plan (DPP) contains strategic targets to improve student growth and proficiency in literacy and mathematics and increase the number of students	23/24 Goal	Meets Expectations
graduating with the College and Career Ready Diploma. The SPCSA collects the annual	23/24 Actual	
plan to improve the achievement of pupils from each of their sponsored schools.	23/24 Rating	

# To what degree are K-3 students demonstrating progress toward mastery in literacy, as measured by Measures of Academic Progress (MAP) Growth in Reading assessment?

Student Academic Growth		
In grades K-3, at least 65% of students in the school district and SPCSA meet or	22/23 Base	40.3%
exceed their personalized learning growth goal in reading. Personalized learning growth goals are determined by individual results from the winter administration of	23/24 Goal	65%
MAP for kindergarten students and the spring administration of MAP for 1-3 grade	23/24 Actual	
students, and outcomes will be evaluated based on the spring administration.	23/24 Rating	
Student Academic Proficiency		
In grades K-3, an increasing number of students in the school district and SPCSA	22/23 Base	33.3%
demonstrate grade-level proficiency in reading. Spring MAP results show at least a	23/24 Goal	38.3%
five-point annual increase in the percentage of students in the school district and		20.270
SPCSA demonstrating proficiency (at or above the 65th percentile).	23/24 Actual	
	<b>23/24 Rating</b>	

# To what degree are grades 4-8 students demonstrating growth and proficiency in mathematics, as measured by the Smarter Balanced Assessment Consortium (SBAC) assessment?

Student Academic Growth		
In grades 4-8, an increasing number of students are on-track to be proficient within three years or by eighth grade. SBAC results show at least a five-point annual increase in the percentage of students in the school district and SPCSA on-track to be proficient as measured using Adequate Growth Percentile (AGP).	22/23 Base	32%
	23/24 Goal	37%
